On February 18, 1949 grave-side services were held by the American Legion in El Paso, Illinois at the interment of the body of Nelle Crout, '28, returned by the U. S. government from New Guinea.

ALUMNAE NEWS

Mr. and Mrs. Don Perry (Ruth Alderson, '39) are cruising down the Mississippi to the Gulf and then across to Florida. They are having a leisurely adventure and thoroughly enjoying every moment of it.

Mary Singer, '48, Corinne Kastorff, '48, and Mary Roberts, '47, are in Madison, Wis. working in the University Hospital and taking some courses at the University.

Corinne Tanner, '45, has been released from the sanatorium in Naperville to return to her own home in Kankakee, Ill. She however is still under a fairly strict regime.

Ethel McIntyre Andrews, '45, writes to us from Jacksonville, Ill. and sounds as though she has a very full life—they live in the country. Her husband commutes into Jacksonville where he works as one of the sheriff's deputies; they have two children, a boy Tommy Lee, who is three and a daughter Susan Louise who was born June 1948.

Grace Cheadle Bowyer, '28, is living in Coral Gables, Fla. She has been doing some private duty down there since her daughters are young ladies making it possible to contribute her time.

Margaret Corliss, '38, who is stationed at the Salvation Army Hospital and Catherine Booth, in Nagercoil, S. India, writes that they had graduation services for their nurses Nov. 13, 1948 and that the guest speaker was Johanna De Vries, '33. Miss De Vries is Secretary of the Examining Board in India. Miss Corliss says they have graduated 67 nurses in the ten years since the School was started.

Dorothy Provine, '39, has resigned from her position on Maternity and is now the Nursing Supervisor of the Auxiliary "non-professional" help at Pres.

Esther Salzman, '33, is back at her home in Kankakee, Ill. much sooner than she expected—but again war in China has made the decision and she returned.

ALUMNAE NEWS LETTER

Margaret Burke, '38, has returned to work in the Nursing Office at Pres.

Margaret Steckel, '47, has resigned her position in the Science department of the school, and Ruth Johnsen, '47, has filled the vacancy. Miss Johnsen began her new position Jan. 31, 1949.

Dorotha A. Jackson, '23, is back in public health nursing. Her headquarters is with the Communicable Disease Center in Atlanta, Ga., however, at the present she has been reassigned to the Dade County Health Unit in Florida and is in Miami.

Helen Wilder Hibbard, '37, is going to take a post-grad. course in the operating room at County Hospital.

Dr. and Mrs. Charles G. Aars (Pauline Murphy, '35) spent a month visiting friends in the U.S.A. They have now returned to their home in Curacao, Dutch West Indies.

Evelyn H. Spencer, '15, writes us from Virginia that she has retired from active nursing—she has been with the Veterans Administration, Mt. Alto Hospital in Washington, D. C.

Nona Postlewait, '45, has joined the Army Nurse Corps.

Ruth Dittmore, '18, is now living in Huntington Park, Calif.

Margaret Mickelson, '43, dropped in for a visit Mar. 22, 1949; she is working in a doctor's office in Madison, Wis. She is very anxious to begin making plans for a class reunion of the Class of 1943 to be held in conjunction with Homecoming this fall. Any class members so interested will they please contact her and help along with any ideas—her address is: 1316 Hoven Ct., Madison, Wis.

Doris Peterson Zakaitis, '47, dropped in for a visit Mar. 28, she was back for a short visit—she and her husband are living in the East while he is going to school.

Bonnie Brandt Kuhutek, '42, and her family have moved from Virginia, Minn. to Victoria, Texas.

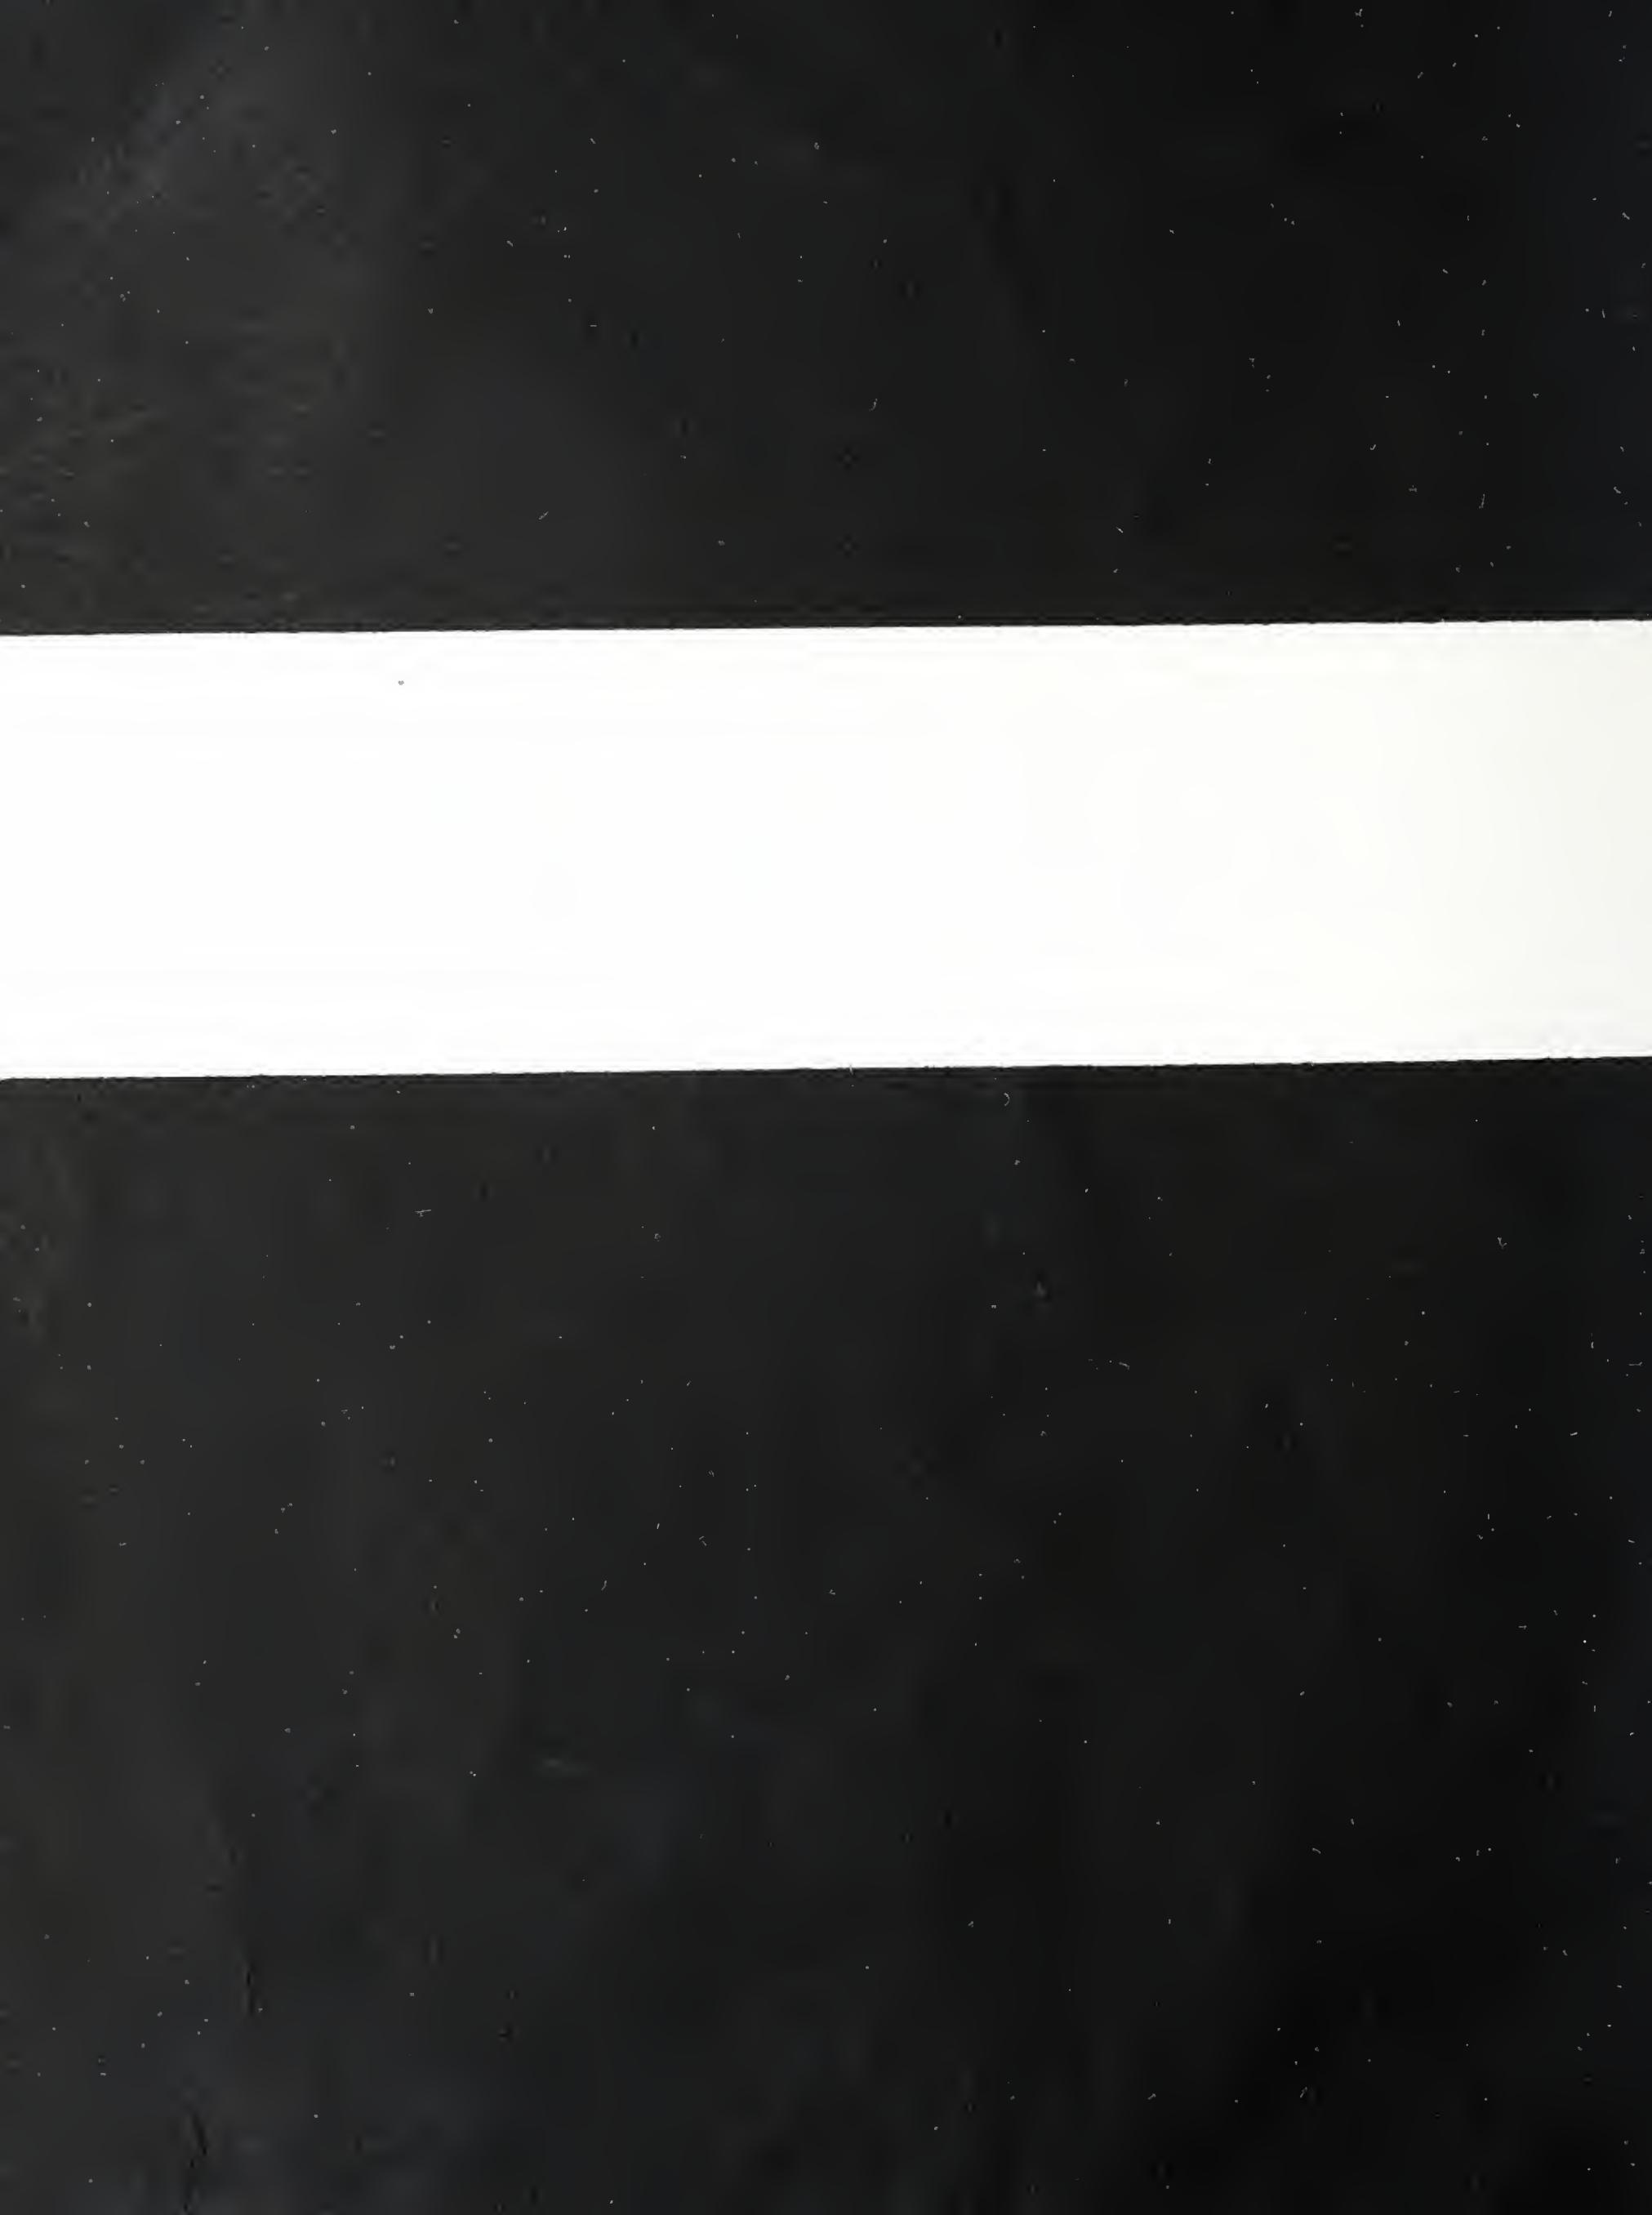

Hila Richards Stratton, '38, writes from Charlotte, N. C. that they have been there for one and a half years—her husband is practicing in ophthalmology. They now have four children—two girls and two boys, the younger boy having been added Aug. 8, 1948. She also instructed a Red Cross Nurses' Aid Class this winter.

On the evening of Tuesday, Mar. 1, 1949 the Alumnae Association had a social meeting at Sprague Home, the graduating class of 1949 were the guests. Those of you who missed it surely missed a lot of good fun. The evening opened by breaking the social ice by playing musical chairs, and anyone who hadn't lost their dignity and entered into the spirit of the evening was a "lost cause". There were charades, singing, and food of course — pop-corn, potato chips and cokes. Everyone went home feeling that they had really had a good time.

On Friday evening, Mar. 18, a dizzy and harrowing week from the pre-clinicals' point of view came to an end with the luscious dinner on the roof followed by the lovely candle lighted Capping Service. Fifty-three pre-clinical students had successfully passed their requirements to become students of the School of Nursing. We had no more than caught our breath after getting the weekend festivities over and the students off on their vacations than we had to welcome in the Spring class of seventeen. They were greeted by their "big-sisters" who are upper classmen. In the afternoon the regular Tea was held for the new students and their families.

Julia Neville Raymon, '33, is still a patient at Pres. We are all so happy that she is improving, and is now able to be out in a wheel chair for a bit of the time.

After going to print we received this information - Miss Emma Aylward fell and broke her hip. This happened sometime the first part of April. Many of you will remember Miss Aylward as guardian of Sprague Home, and will want to send her some message of cheer. She is in Park Hospital, Mason City, Iowa, her home address is Manly, Iowa % Bartlett.

NUMBER 60

JUNE, 1949

GRADUATION — 1949

Graduation festivities began on April 26, 1949 this year with the Staff Luncheon—this is given by the doctors for the graduating classes. The food was good, Dr. Sanford was a clever M.C. and introduced the doctors who presented the awards. Dr. L. C. Gatewood presented the scholarship check to Miss Froehlke who will see that deserving students will benefit. The other awards, \$50.00 government bonds, were presented by department representatives to the nurses who had been chosen as the most representative in that specific department: Dr. Ed. Miller presented the surgery award to Miss Virginia McDonald; Dr. Sanford the pediatric award to Miss Joyce Glover; Dr. Ed. Allen the maternity award to Miss Shirley Masek; and Dr. Robert Herbst the scholarship award to Miss Patricia Taif. On April 29 the Alumnae Association gave the Tea and Spring Fashion Show at the Wedgwood Room in Marshall Field's. Miss Bess Hawver, '28, president of the association introduced the guests of honor—Miss Avis Ludwig, president of the spring group. Miss Iris Willsey, president of the fall group, Miss Froehlke, Miss Gihring, and Mrs. McNeill, '19, who gave one of her classical little speeches wishing them good will. On May 3 the Director's dinner was given, and then came May 5th, the big day—a tea for friends and relatives, rehearsal, flitting here and there, and finally evening came—graduation itself. At the graduation service the Woman's Board of the Hospital gave Honor awards of \$100.00 to a student who was the most representative of her group, Miss Shirley Larson, spring group, Miss Margaret Nokleberg, fall group. And to end it all let us quote from the Tribune of that week—"Young student nurses from Presbyterian hospital, grouped for their graduation ceremonies in the garth behind the cloister of the Fourth Presbyterian church on Michigan av., looking all the world like lovely candelabra of white tapers on the altar of humanity . . ." and thus another group of young women are ready.

The Chicago Presbyterian Nurses of Southern California are making plans for their annual fall meeting. They would like any graduates who are in California to plan and meet with them. The meeting will be Oct. 8, 1949 at the Altadena Town and Country Club. Anyone wishing to attend contact Lois Stratton Hoffman, '25, whose address is:—Mrs. J. B. Hoffman, 1853 Pepper Dr., Altadena, Calif., Tel. Sycamore 7-9619.

Bess Hawver, '28, who is president of the Chicago Pres. Alumnae Association went as a delegate to Sweden for the I.C.N. meeting. We will have more to tell about her's and Eunice Thompson's trips when they return from the meeting and jaunting over Europe.

Well we did it again—we had a grand picnic and everyone had themselves a time.

Seventy-eight were present to enjoy the good food which was served by Plunkett's, to gambol on the green, and sing songs in the bus. To see and hear the games, singing, and participate in the fun you would not be able to tell who were the youngsters or the oldsters—there just wasn't any such thing. Every one was young and gay and had themselves a good time. Kate Buckley, '12, was the chairman and she and her committee did a good piece of work—thank you for a good time!

Dr. and Mrs. John Nobel (Rosemary Bellar, '46) and son, Jimmie, have gone to Brown's Valley, Minn., where he is going into practice with some other doctors there. Dr. Nobel is a dentist.

There have been quite a few back to visit this spring and summer, some of them we have seen and found out a bit of news, others have come and gone and unhappily we have not seen them—so if you have been here and it is not in, don't blame me—I just didn't know it. Agnes Yoder, '45, is working in a clinic in Denver, Colo. for four doctors; she stopped in on her way to Ohio where she intended to spend some of her vacation—she looks wonderful. Helen Rosson, '46, is back from New Orleans where she had been working; but she had been ill and came back here to recuperate, and now is working in the research department at the A.M.A. headquarters in Chicago. Helen Clay Shannon Rhea, '40, of Shepardsville, Ky. was in also.

June Kuitert Barnhart, '43, and her baby dropped in. Betty Pflittner Hancock, '47, came in looking as smart as ever. Verne Phillips Pletcher, '45, and son and Phyllis Heusinveld Provenzano, '45, and daughter came over to see us—Verne and her family are living in Berwyn, Ill., and Phyllis is in Toledo, Ohio.

Alumnae News Letter

NUMBER 61

SEPTEMBER, 1949

I.C.N.—STOCKHOLM, SWEDEN

The fiftieth anniversary conference of the International Council of Nurses opened on Sunday, June 12, 1949. Four thousand nurses from more than thirty countries registered at the Royal Tennis Hall, a huge modern stadium in Stockholm, Sweden.

Our alumnae was well represented in the group of six hundred nurses from the United States—some of the Pres. graduates attending were: Mabel Dunlap '12, Eunice Thompson '38, Mildred Lunde '22, Jean South '26, Doris Kerwin '21, Sylvia Melby '26, and myself.

Each registrant was given a large well arranged folder containing all the conference necessities. These included tickets for the different meetings, programs, a bound pamphlet of the Congress papers in the language of the registrant and a map of Stockholm with interesting places marked.

The program was a fine blending of professional and cultural interests. There were five general sessions ably organized by Miss Gerda Hojer, president of the Grand Council of the I.N.C.

Two topics of special interest were "The Medicine of Tomorrow and the Position of the Nurse", and "Nursing Education". The first of these topics was discussed by representatives of Sweden, Norway, Finland, Iceland, and Denmark. Each gave a review of medical and public health developments in his or her country. The curve is tending toward prevention of illness in these countries through the bringing together of curative and preventive services. It was emphasized that the function of the nurse has changed and broadened and that a new name should be found for the professional nurse in relation to her changing functions. These countries also realized the need for the team—doctor, professional nurse, and auxiliary nurse.

The second topic—"Nursing Education", was discussed by representatives of America, Canada, and Norway. It was felt that universally an effort is being made to improve nursing education to meet the growing demands for nurses to fit into expanding health and medical care programs. At the same time nursing shortages are everywhere reported and attention is being given to analysis of functions, qualifications, personnel practices, organization and education, and recruitment methods.

There were Florence Nightingale Memorial services held Sunday evening in several of Stockholm's old and lovely churches. At each service Swedish Student Nurses marched in an impressive candle light service. A beautiful chronicle play "History of Nursing in Northern Countries" was presented in one of Stockholm's well known theatres. The play was written in 1945 by a Swedish nurse and was acted by local nurses, midwives, and doctors all speaking excellent English.

One afternoon was devoted to visiting local health and welfare agencies in Stockholm; another visiting country towns to gain an understanding of the country and customs of the people; and on the final evening we went to the world famous City Hall of Stockholm and Skansen Park where replicas of early cottages, churches, and mansion houses formed an appropriate setting for farewells. These were expressed thru folk dances, the nurses' choir and a gracious speech by Miss Hojer.

The Swedish nurses were able to finance the entertainment at the Congress by giving a benefit tea and cookie sale. In two hours they sold enough cookies to raise 35,000 Swedish krona—about \$10,000.

Miss Karin Elfersen, acting president of the Swedish Nurses' Organization, said in her greeting to the Conference—"Hospitality has been the high note in the North from

ALUMNAE NEWS LETTER

the days of the Sagas—we nurses wish with all our hearts that you will feel the warmth of this hospitality". We all felt this warmth not only from the Swedish nurses but from the private citizens and street car conductors who struggled to give directions and provide the much asked for information.

It was a real privilege to attend the 50th Anniversary Conference and to meet nurses from so many countries. I wish to extend my sincere thanks to the Alumnae for making my attendance possible.

—Bess Hawver.

MISS EMMA B. AYLWARD

1876 - 1949

Miss Emma Aylward will be remembered by many Presbyterian graduates as she served here for nearly forty years as dietitian of the Nurses' Home. She was born in Jan. 1876 and died in June 1949 after a long illness due to a fractured hip last fall. Our sorrow is lightened by the fond memories of those Sunday evening lunches with the special sandwiches, and the huge picnic boxes prepared by her kitchen.

A TRIBUTE AND A CHALLENGE

Fellow graduates, how about coming out for HOMECOMING, NOV. 11, in tribute to Helena McMillan and help add to the Educational Fund in her honor. During the last two years there has been a substantial increase in requests for loans from the "Helena McMillan Educational Fund". Fine! We are tickled to death to know that our nurses are preparing themselves to rank among the leaders in the profession.

How can we help? By adding our pennies to a BIRTHDAY FUND—one penny a year for each school birthday which adds up to 46 years. How about it? Let's ALL come to HOMECOMING and bring 46 pennies. If you cannot come and want to send the money anyway send it to: Miss Kate Buckley, 3 West Burton Place, Chicago 10, Ill.

She has always had an interest in art, but did not concentrate on painting until 1937; studying with Helen Hudson Below and Rudolph Weisenborn; at the School of Design and Art Institute. Starting with realism she has gradually worked more and more with abstract forms, because it gives more freedom in working with color and design. Abstract art is not new as some suppose. Plato records Socrates as defining it in the following manner: "I do not mean by the beauty of form and shapes what most people would expect such as that of living creatures or pictures but I mean straight lines and the surface of solid forms made out of these by lathes, rules and squares; for I affirm that these things are not

We thank all of you for your interest. This emergency has been deeply felt by the staff nurses at Pres. and as a result they have finally organized an Institutional Staff Nurses Section of I.S.N.A. and 1st District, this is comparable to the Private Duty Section to which our grads. belong. The aims of this section in Pres. is to promote a better understanding between the administration and the staff nurses; to attract more nursing service to the hospital—in short to promote better personnel practices and better patient care. After the emergency is over it is going to set up an educational program so they can learn and do better teaching.

He had been a patient at Pres. for a little while prior to his death.
